Staff Planner Taylor stated that the preliminary PUD plan of two hotels was approved last month and are now seeking approval of one hotel for phase one. He said they added a temporary solid waste plan and some circulation for this phase. He reported the changes left them a seven parking spaces deficit of the regulation for phase one. Mr. Taylor continued that this must be fixed in case phase two is never built. Staff recommended in favor but that a revised site plan must be submitted with 7 more parking spaces before building permits are issues for phase one.

Commissioner Watts made a motion to approve the Final PUD Plan for Phase One subject to a revised site plan being submitted with 7 more parking spaces for Phase One before any building permits issued. Commissioner Dodgen seconded and all voted in favor.

STAFF RECOMMENDATIONS

Staff Planner Taylor said that revised preliminary PUD was granted last month. He stated that final was asked for in phases as to limit land disturbance in this proposed development with steep topography. He continued they seek 4 cabins in phase one. Staff recommended in favor with a bond or letter of credit being received for drive, parking, and detention.

Devin Davis was present. He said he bought the property as an overnight rental and only found out it did not meet zoning for overnight rental when he tried to sell it. He said the property is more valuable as an overnight rental.

STAFF RECOMMENDATION

Staff Planner Taylor said the property was annexed into the city to get sewer, yet the previous owner never extended the sewer as in the Plan of Services. He reported everything within the city limits adjoining this property is R-1. He reported this rezoning request is similar to others that the Commission considered spot zoning and denied. Staff recommended that the zoning map not be amended. Commissioner Houser added this is classic spot zoning and de-annexation would be a better option.

ACTION TAKEN

Commissioner Watts made a motion to recommend to City Commission to keep the property as R-1 and deny the proposed map amendment. Commissioner Rutledge seconded and all voted to deny the zoning map amendment.
